3270DNP

Digital Duplicator

COST-EFFECTIVE > FAST > FLEXIBLE > DEPENDABLE > **CONNECTED >**

**High-quality imaging,
plus blazing speed.**

Quality and Value... Together For Good.

There's a better way to manage long print runs; one that's fast, affordable and versatile...the Savin 3270DNP. Producing high-quality output at blazing speed, the 3270DNP combines the proven economy of digital duplicating technology with established imaging technology.

Start Saving Money Today

The Savin 3270DNP is built to satisfy the rigorous output demands and the typical budgetary restrictions of schools, churches and non-profits. An advanced ink control system increases ink yield and combines with long-life masters—up to 50% higher capacity than typical competitive digital duplicators—to make the 3270DNP a sound investment. When you use the 3270DNP for jobs requiring 30 or more prints or copies, your cost per page drops to less than a half-cent. And, because the 3270DNP is designed for longer job runs, you'll reduce wear and tear on your office copier, while efficiently producing more jobs in-house.

Image Is Everything

With the Savin 3270DNP Digital Duplicator, your documents are guaranteed to impress. Manipulate originals for the reproduction you want with a variety of user-selectable imaging modes; regardless if the original is text only, a combination of text and photos or handwritten in pencil. Premium output is a given as the 3270DNP places high-density ink on paper with precision and control. Print Pressure Sensors automatically make adjustments based on factors that could otherwise negatively affect final print quality—speed, temperature and humidity. And your documents will be free of off-set smudges thanks to unique Buffer Fins that slow the paper as it exits into the document delivery tray.

Works With You

Frequently used function keys are located where they are most useful—at the front of the 3270DNP's large LCD Control Panel. Further, to put everyone in your office at ease when using the 3270DNP, the Control Panel maintains the familiarity of a typical copier control panel. Reliable handling of a wide variety of paper stocks and sizes—up to 11" x 17"—is ensured thanks to a short paper path. And a proven paper retry feed mechanism minimizes wasteful and time-consuming misfeeds. Add a splash of spot color with a simple change of ink drums; a variety of standard colors and optional colors provide numerous creative options. You can also print directly from your desktop to the 3270DNP using the optional USB VC-20 embedded controller interface.

Engineered For The Environment

Being a good steward of the environment is everyone's responsibility; when you choose the 3270DNP, you can be confident that you're doing your part. The 3270DNP goes the extra mile to comply with RoHS (Restriction of Hazardous Substances) and WEEE (Waste Electrical and Electronic Equipment).

MAINFRAME

Printing Process	Press Roller System, Full automatic one drum system
Original Type	Sheet, Book
Original Size	5.8" x 8.3" to 11.8" x 17.0"
Pixel Density	Master Making: 400 dpi x 400 dpi
Scanning	600 dpi x 400 dpi
Image Mode	Letter Mode, Photo Mode, Letter/Photo Auto Separation, Pencil
Image Density	Lighter, Normal, Darker1, Darker2 (4 levels)
Reproduction Ratio	4 Reduction: 65%, 74%, 77%, 93% 3 Enlargement: 121%, 129%, 155%
Zoom	50% – 200% (by 1%)
Printing Area	11.4" x 16.2"
Leading Edge Margin	5 mm +/- 3 mm (0.2" +/- 0.12")
Print Paper Size	Maximum: 12.8" x 17.6" Minimum: 2.8" x 5.9"
Print Paper Weight	12.5 to 110 lb. Index
Printing Speed	60 – 120 sheets/minute 60, 75, 90, 105, 120 cpm – 5 steps
Paper Feed Tray	1,000 sheets (20 lb. paper)
Paper Delivery Tray	1,000 sheets (20 lb. paper)
Master Feed Capacity	200/315 masters/roll
Master Eject Box Capacity	More than 65 masters
Special Features	Color Drum Change, Margin Erase, Auto Cycle, Skip Feed, Economy Mode, Security Mode, Tint Mode, SP Mode, Combine Two Originals, Quality Start, Energy Saver Mode, User Code (100 Codes), Class/Memory (30), Program Mode (9 programs)
Power Source	120 V, 60 Hz
Supported Languages	English, French, German, Italian, Spanish, Dutch
Dimensions (WxDxH) <small>*With table</small>	53.9" x 27.6" x 40.7"
Weight	187.2 lb.
Optional Equipment	Platen Cover, DF Type 85 Document Feeder, PC Print Controller VC-20, Tape Dispenser, Color Drum, Cabinet
Supplies	Black Ink, Color Ink, Masters, Tape for Tape Dispenser

DOCUMENT FEEDER (DF TYPE 85) – OPTIONAL

Original Size	Maximum: 11.7" x 34.0" Minimum: 5.9" x 8.3"
Original Weight	13.9 to 34.0 lb.
Original Table Capacity	50 sheets (20 lb.)

VC- 20 PC CONTROLLER: EMBEDDED TYPE – OPTIONAL

Product Name	Printer Unit VC-20
Printer Language	Windows GDI
Supported Resolutions	300 and 400 dpi
Graphics Screening	Coarse, Fine, Line Art, Error Diffusion. Density Control Supported.
Supported Drivers	Windows 98 2nd Edition, Windows ME, Windows 2000, Windows XP and Windows 2003 Server (Standard)
Supported Languages	English, German, French, Italian, Spanish, Dutch, Russian, Simplified Chinese
Ports	USB 1.1 or USB 2.0 (Full Speed)

Savin consumables: for maximum performance and yield, we recommend using genuine Savin parts and supplies.
